DETAILED ACTION

Response to Amendment/Arguments

1. This Office Action is in response to the RCE filed on April 17th, 2006. New claims 9-10 are added. Claims 1-10 are now pending in the application.

Reasons For Allowance

2. Claims 1-10 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Most of those references disclose the method and system for roaming in the Mobile IP system, such as that found in Leung, Kent (U.S. 6,195,705), Perkins, C.E. ("Mobile IP", Communications Magazine, IEEE Volume 35, Issue 5, May 1997 Page(s): 84 – 99), Perkins, C.E. ("Mobile Networking through Mobile IP", Internet Computing, IEEE Volume 2, Issue 1, Jan.-Feb. 1998 Page(s): 58 – 69). But no prior art references change the source address and the destination address, and add the correspondent node identifier code and the mobile node identifier code in the packet header (claim 1).

Substantially regarding claim 9, the prior art of record also fails to show the home agent sending the copy of the changing record as the same manner set forth in claim 1, to the destination address.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
